Coronavirus (Covid-19) Insurance Update

As you know the current situation is evolving daily. We will continue to provide you with regular insurance updates

We have received a number of enquiries regarding if video treatment from a physiotherapist would be covered in CAIP. Please be advised that video treatment is an acceptable insurable expense for physiotherapy and athletic therapy as long as it meets the following policy definition:

"Regular Care and Attendance means observation and treatment to the extent necessary under existing and recognized standards of medical practice."

We hope this helps.

Thanks and stay healthy and safe,

Michael Kirsch
